LIMITS OF LIABILITY

1. FNHW's liability is limited to failures due to normal wear and tear during the term of the contract.
2. FNHW has the right to a second opinion. The contract holder may order their own second opinion, but shall be responsible for that cost.
3. FNHW will determine whether a covered item will be repaired or replaced. Except as otherwise noted in this contract, replacements will be of similar features, capacity, and efficiency as the item being replaced. FNHW is not responsible for matching brand, color and/or dimensions. When parts are necessary for completion of service, FNHW will not be responsible for delays that may occur in obtaining those parts. FNHW reserves the right to repair systems and appliances with non-original manufacturers' parts, including rebuilt or refurbished parts. Repairs and/or replacements that are subject to a manufacturer's warranty are excluded from this contract. FNHW is not responsible or liable for the disposal cost(s) of appliances, systems, equipment, and/or components of equipment including refrigerant, contaminants, and/or other hazardous or toxic materials.
4. When federal, state or local regulations, building and/or similar code criteria require improvements and/or additional costs to service a covered system and/or appliance, including permits, the costs to meet the proper code criteria shall be the sole responsibility of the contract holder, except where otherwise noted in this contract. FNHW will be responsible for repairs and/or replacement of covered systems and/or appliances after the proper code criteria are met, except where otherwise noted in this contract. When upgrading covered systems, parts or components to maintain compatibility with equipment manufactured to be 13 SEER* compliant, FNHW is not responsible or liable for the cost of construction, carpentry, or other structural modifications made necessary by installing different equipment. FNHW is not responsible to perform service involving hazardous or toxic materials and/or conditions of asbestos.
5. FNHW is not responsible for repairs or replacement due to misuse or abuse, lack of general maintenance or cleaning, disassembled and/or missing parts, or damage due to: fire, flood, smoke, lightning, freeze, earthquake, theft, storms, accidents, riots, war, vandalism, animals or pests, power failure, surge and/or overload, soil movement, structural changes, design deficiency, manufacturer's recall, inadequate capacity, land subsidence, slope failure, cosmetic defects, improper previous repair or installation of appliances, systems, or components. The contract holder is responsible for providing maintenance and cleaning of covered items as specified by the manufacturer to ensure continued coverage on such items (i.e., heating and air conditioning systems require periodic cleaning and/or replacement filters. Water heaters require periodic flushing.)
6. FNHW is not responsible for consequential or secondary damages resulting from the failure of a covered system and/or appliance and/or failure to provide timely service due to conditions beyond FNHW's control, including but not limited to delays in securing parts, equipment, and/or labor difficulties.
7. FNHW is not responsible for providing access to repair or replace a covered system or appliance unless otherwise noted in this contract. When access is provided under this contract, restoration to walls, closets, floors, ceilings, or the like, will be to a rough finish only. FNHW is not responsible for the cost of modifications necessary to repair or replace a covered system or appliance, including but not limited to pipe runs, flues, ductwork, structures, electrical, or other modifications. FNHW does not cover commercial systems, appliances, or equipment modified for domestic use.
8. FNHW is not responsible for electronic, computerized, or remote energy management systems including, but not limited to, zone controlled systems, lighting, energy, security, pool/spa, entertainment/media/audio, or appliances. Solar systems and components are not covered.
9. Common systems and appliances are not covered except for a duplex, triplex, or fourplex, and unless every unit is covered by FNHW. If this contract is for a dwelling of 5 units or more, only the items contained within each individual unit are covered. Common systems and/or appliances are excluded.
10. This contract may be canceled by the contract holder at any time. FNHW may cancel this contract for the following reasons: (a) non-payment of services fees; (b) fraud or misrepresentation of facts, material to the issuance of this contract; (c) when contract is for Seller's Coverage and close of escrow does not occur, or (d) mutual agreement between contract holder and FNHW. If contract is cancelled, the contract holder shall be entitled to a pro-rated refund of the paid contract fee for the unexpired term, less any unpaid service fees and an administrative fee of \$25.00 incurred by FNHW.
11. FNHW has the right to offer cash in lieu of repair or replacement of a covered system and/or appliance in the amount of FNHW's actual cost to repair or replace such a system or appliance.
12. If the covered property re-sells prior to the expiration of the contract, call 1-800-862-6837 to transfer coverage to the new owner for the remainder of the current contract term. This contract may be continually renewed at the sole discretion of FNHW, subject to applicable rates and terms.
13. Coverage on lease options is available for the lessee only. Contract fees are due and payable to FNHW upon execution of the lease. Coverage continues for 12 months from the lease date.
14. FNHW is not responsible under any circumstances for the diagnosis, repair, removal, or remediation of mold, mildew, rot, or fungus and/or damages resulting from the above mentioned, even when caused by, or related to the malfunction, repair, or replacement of a covered system or appliance.

TERMS OF COVERAGE

1. If a covered system and/or appliance fails during the contract term, **the contract holder must contact Fidelity National Home Warranty's (FNHW) toll-free Customer Service Department at 1-800-308-1420. Calls are received 24 hours a day - 7 days a week. Should the contract holder contract directly with others, or do the work themselves, FNHW will not be responsible for reimbursement of that cost.** Upon receiving a request for service, FNHW will contact a qualified contractor within 3 hours during normal business hours, and 48 hours on weekends and holidays. The contractor will then call the contract holder directly to schedule a mutually convenient appointment during normal business hours. FNHW will determine what repairs constitute an emergency and will make reasonable efforts to expedite emergency service. If contract holder should request FNHW to perform non-emergency service outside normal business hours, the contract holder will be responsible for payment of additional fees, including overtime.
2. Should FNHW grant the contract holder authorization to contact an independent contractor directly to perform a covered service, FNHW will provide reimbursement based on the following conditions:
 - a. Contract holder selects a contractor that is qualified and insured.
 - b. Contractor provides fair and reasonable rates on parts and labor.
 - c. Contract holder **must contact FNHW** to confirm that service work is covered under the warranty contract by calling FNHW at 1-800-208-3151 once contractor arrives at the property, and **prior** to contractor performing any repairs for which contract holder may seek reimbursement.
3. **SERVICE CALL FEE:** There is a \$50.00 service fee for each trade call, paid to the contractor at the time of service (i.e., if you need a plumber and an appliance technician, each will require a separate service fee). Failure to pay the service fee will result in suspension of coverage until such time as the proper fee is paid. Upon receipt of that payment, coverage will be reinstated for the remainder of the contract term. Service requests must be received prior to the expiration of the contract term.
4. **Service work** is guaranteed (without an additional service fee) for 30 days on labor and 90 days on parts. The 30/90 day guarantee only applies to malfunctions that are reported to FNHW during the term of this contract. Pest control service work is guaranteed for 30 days from the original date of service.
5. **Buyer's Coverage** starts at the close of escrow and continues for one year provided the contract premium is paid at the close of escrow. When contract premium has not been received by FNHW, service will be dispatched once premium payment can be verified by the closing agency and/or another source of premium payment is made (i.e., credit card).
6. **Coverage for new construction home buyers:** Plan coverage and any optional coverage begins on the first anniversary of the close of escrow and continues for 4 years from that date, provided the plan fee is received by FNHW within 10 working days from the close of escrow. All systems and appliances to be covered must be in good working condition at the time coverage begins on the first anniversary after the close of escrow. Anytime during the first year of coverage, the contract holder may call FNHW for assistance in the event of a problem with the systems or appliances generally described in this plan. FNHW will assist the contract holder in contacting the manufacturer or contact the manufacturer on the contract holder's behalf to determine the remedies available to the contract holder under the manufacturer's warranty for the system or appliance associated with the contract holder's claim.
7. This contract covers single-family dwellings under 5,000 square feet, unless amended by FNHW prior to the close of escrow (i.e., homes in excess of 5,000 square feet, guest houses or the like, and other detached structures). Coverage begins when appropriate fees are paid. Covered dwellings cannot be used for commercial purposes (i.e., day care centers, nursing care homes, fraternity/sorority houses, etc.).
8. **This contract covers only those parts, systems and/or appliances specifically mentioned as covered and excludes all others.** Covered systems and/or appliances must be located within the main foundation of the home or garage except for exterior well pump, air conditioner, pressure regulator, waste/stop valves, and swimming pool/spa equipment. All coverage is subject to limitations and conditions mentioned in this contract.
9. **Seller's Coverage** begins upon receipt of a confirmation number from FNHW and continues for 180 days, close of escrow, or termination of initial listing (whichever comes first). Seller's Coverage excludes heating, optional coverages, and comprehensive covered items, and is not available on multiple units or homes over 5,000 square feet. The Seller's Coverage period may be extended at the sole discretion of FNHW.
10. Malfunction and improper operation due to rust or corrosion of appliances, heating system, air conditioning system/coolers, or pool/spa equipment, and collapsed ductwork are not covered for the seller, or for the buyer for the first 30 days after the close of escrow.
11. Covered systems and/or appliances must be in good working order at the start of coverage. Unknown pre-existing conditions will be covered if, at the time coverage began, the defect or malfunction would not have been known to the buyer, seller, agent, or home inspector by a visual inspection and/or by operating the system or appliance. Known defects found at the time of a home inspection report are excluded from coverage until proof of repair is received by FNHW.
